

Tuition Fee Policy

Tuition Fee Policy

1. Fees Overview and Student Responsibility

- 1.1. By accepting a place on an St Georges University of London (SGUL) programme, it is expected by SGUL that the student has planned to be in good financial standing and is able to pay or make arrangements for payment of annual tuition fees as well as cost of living whilst studying and any accommodation fees, whether in SGUL's halls or elsewhere.
- 1.2. By the act of enrolment, a student accepts liability to pay the full tuition fee for the year of study and they are agreeing to abide by the current SGUL General Regulations which includes acting in accordance with the SGUL Tuition Fee Policy.
- 1.3. Composite tuition and assessment fees for programmes of study, and fees for entry or re-entry to assessments for students not currently enrolled, shall be determined annually and notified to students. Fees are not normally refundable.
- 1.4. The UK/EU undergraduate fee may increase in line with the increase permitted by the Department for Education.
- 1.5. Fees for programmes that are not set by government or third party contract are determined by a number of factors including (but not exclusively) inflation, TEF increase, changes to course and benchmarking against competitors.
- 1.6. Fees for continuing students will be liable to increase for each year of the course. Fees will not normally increase by more than 5% each year except when the underlying rate of inflation is significantly higher than that.
- 1.7. Students required to attend for a further academic year will be charged the relevant fee for that year.
- 1.8. Students who defer their entry shall pay the fee relevant for the year they begin their programme.
- 1.9. Students shall make satisfactory arrangements for the payment of their tuition fees at the beginning of the academic year (or other period as may be appropriate for the programme of study) as a precondition of enrolment. Such arrangements shall normally be either by paying the fees in full, or by providing documentary evidence that the fees will be paid on demand by an approved sponsor on behalf of the student.
- 1.10. Students unable to make satisfactory arrangements for the payment of fees may be enrolled on a "Time Limited Enrolment", during which time they may attend classes and use SGUL's facilities. Students will be allowed until the end of October, for programmes which start in September and October, and one month after the start of the programme for programmes starting at other times, to make satisfactory arrangements for payment of fees. If they do not make satisfactory arrangements, their registration will be terminated.
- 1.11. A self-financing student may pay his or her tuition fees by instalments. Payment can be made on line, by debit/credit card or by bank transfer. Payment for fees in cash or by cheque is discouraged and will only be accepted in exceptional circumstances. All students should ensure that their student number and name accompanies each payment. Any bank charges incurred by payment by credit card will be passed onto the student.
- 1.12. Students who do not make satisfactory arrangements for the payment of their tuition fees as specified in 1.4 or default upon agreed instalments of tuition fees shall, at the discretion of the Academic Registrar or appointed officer, have any formal notification of assessment results and/or degree certificate withheld for the programme for which fees are unpaid.

Tuition Fee Policy

- 1.13. At the discretion of the Academic Registrar or their nominee, students who fail to make satisfactory arrangements for the payment of their tuition fees or payment of other fees, fines or debts to SGUL, may have their registration suspended, or may not be permitted to enrol for a subsequent year of study.
- 1.14. The Academic Registrar may recommend to the Principal that students who fail to settle or make satisfactory arrangements for the payment of outstanding tuition fees have their registration terminated. If the Principal accepts the Academic Registrar's recommendation, the student will have the right of appeal under the Student Appeals Procedure to an Appeal Committee which shall be appointed by and report to Council, whose decision shall be final.
- 1.15. Full-time members of staff of SGUL registering for a part-time programme of study shall be eligible for a discount on the usual fee.
- 1.16. SGUL may from time to time validate programmes and modules offered by external Associates. As part of the validation process, it shall be determined whether responsibility for obtaining tuition fees rests with SGUL or with the Associate. Where the Associate is responsible for obtaining tuition fees, the provisions of General Regulation 5 will not normally apply. Instead the regulations and policy documents of the Associate will normally apply and these will be made available to students at enrolment.
