## Accessing NHS OpenAthens journals in **Google Scholar**

Before you search Google Scholar, you should select a library in the settings menu. Once you set and save your preferences, you will be able to link to OpenAthens resources retrieved with a Google Scholar search.

1. Click the menu icon in Google Scholar.

Google Scholar
Articles Case law

2. Select Settings, and then Library links.

3. Search for "st george's" in the search box, select St George's University Hospitals NHS Foundation Trust- St George's Trust OpenAthens from the list, and save your selection.

٠	Settings		
	Search results Languages	Show library access links for (choose up to five libraries):	
	Library links	st george's	
	Account Button	e.g., Harvard	
		✓ St George's University Hospitals NHS Foundation Trust - St George's Trust OpenAthens ☐ St George's University of London - Find it@SGUL	
		Online access to library subscriptions is usually restricted to patrons of that library. You may need to login with your library password, use a campus computer, or configure your browser to use a library proxy. Please visit your library's website or ask a local librarian for assistance.
