

Using SAS and MAD to Generate and Record Assessment Due Dates

Comments

- Login to SITS:Vision Client
- From Main Menu open the Student Assessment Screen (SAS)

This process is assuming that Student Module Taking (SMO) records have been created and assessment records have NOT been generated.

- Enter the relevant module and assessment information in the top of the screen

Enter the due date in the due date field and store

- Enter the due date for all, or as a minimum for HESA the final, assessment(s).
- Store (F6)

*If this field is populated before the assessment records are created (SAS option 1b) this will automatically populate the due date on the **Student Assessment Log** record. If not this will need to be added manually afterwards for every student assessment.
