

## **Student Entry Agreement 2023 Entry**

### **BSc Clinical Pharmacology**

**B210**

We ask students to sign up to the student entry agreement below to help St George's to deliver its courses effectively. Please read this carefully. If you think you will have problems with any part of this document, please contact the admissions office and they will discuss with you how best to resolve your issue.

Please read the following statements and confirm that you agree to follow them.

1. I will not allow my views about a person's lifestyle, culture, beliefs, race, colour, gender, sexuality, age, social status, or perceived economic worth to prejudice my interaction with teachers or colleagues.
2. I will be honest and not abuse the trust of others, and I will not enter into an improper relationship with another person, for example, with a school pupil whom I may be mentoring.
3. I will maintain appropriate standards of dress, appearance and personal hygiene so as not to cause offence to teachers or colleagues.
4. To ensure adequate communication, students may not cover their faces in any clinical areas, when they are working with teachers or when they are expected to work together with other students. Students may cover their faces in lectures unless specifically asked not to do so by the teacher. Students will have to uncover their faces for identification purposes, including entry to examinations and the Library. The exception to this is if a mask is required in line with national and local COVID guidelines.
5. I will attend classes as required by the regulations of the course, and I will work diligently to complete my degree. Classes are timetabled between 8am and 6pm Monday to Friday and regular attendance is expected of all students. Students on placement may be required to work outside these hours.
6. I will be honest in submitting course work for assessment, and will never plagiarise material from other sources and submit it as my own work.
7. I will tell the Institution if I am charged with or convicted of a criminal offence during my time as a student at St George's. Although students are not required to have a Criminal Record check before entering St George's we need to know if a student has a subsequent conviction especially if that conviction may be contrary to university life.
8. I will inform St George's as soon as possible if there is any significant change to my health that might affect my fitness to study.

9. I confirm that I have been truthful in my application to St George's, and that I did not omit important information relevant to my application. If it is discovered that an applicant has been untruthful in his or her application, it may withdraw the offer or terminate the course of study.

Professors Emma Baker and Iain Greenwood  
Co-directors of BSc Clinical Pharmacology course  
July 2023

Please sign and complete in BLOCK CAPITALS to confirm that you have carefully read this information about the requirements of the course and that you understand our expectations.
